WORKSHOP AND BUSINESS MEETING A G E N D A

2015-2016 District Goals

Goal 1: To review, evaluate and assess current programs and staffing structures to determine gaps/needs. Raise academic performance of all demographics and results should compare favorably against similar districts year after year. Special focus on the MHS Science department, where a measurement of student achievement will be developed in 2015 and used every year to measure positive progress.

Goal 2: To identify and implement social emotional learning programming to be addressed district wide through the counseling programs. Specifically, implement evidence based social and emotional learning programs with the aim to prevent bullying, discipline problems and improving school climate (and stress) for all children.

Goal 3: To identify and effectively utilize specific communication practices with students, parents, staff and community members that are timely, accessible, and consistent in message. Administer a district-wide communications survey and compare the results with the Spring 2013 results.
