

8420 EMERGENCY AND CRISIS SITUATIONS

The Board of Education recognizes its responsibility to provide for the safety and security in each school building in the district. The district will develop and implement written plans and procedures to provide for the protection of health, safety, security, and welfare of the school population; the prevention of, intervention in, response to and recovery from emergency and crisis situations; the establishment and maintenance of a climate of civility; and supportive services for staff, pupils, and their families.

The Superintendent of Schools or designee shall consult with law enforcement agencies, health and social services provider agencies, emergency management planners, and school and community resources, as appropriate, in the development of the school district's plans, procedures, and mechanisms for school safety and security. The plans, procedures, and mechanisms shall be consistent with the provisions of N.J.A.C. 6A:16-5.1 and the format and content established by the Domestic Security Preparedness Task Force, pursuant to N.J.S.A. App. A:9-64 et seq., and the Commissioner of Education and shall be reviewed annually, and updated as appropriate.

A copy of the school district's school safety and security plan shall be disseminated to all school district employees. New employees shall receive a copy of the school district's safety and security plan, as appropriate, within sixty days of the effective date of their employment. All employees shall be briefed in writing, as appropriate, regarding updates and changes to the school safety and security plan.

The school district shall develop and provide an in-service training program for all school district employees to enable them to recognize and appropriately respond to safety and security concerns, including emergencies and crisis, consistent with the school district's plans, procedures, and mechanisms for school safety and security and the provisions of N.J.A.C. 6A:16-5.1. New employees shall receive this in-service training, as appropriate, within sixty days of the effective date of their employment. This in-service training program shall be reviewed annually and updated, as appropriate.

The Board shall ensure individuals employed in the district in a substitute capacity are provided with information and training on the district's practices and procedures on school safety and security including instruction on school security drills, evacuation procedures, and emergency response protocols in the district and the school building where the individuals are employed in accordance with the provisions of N.J.S.A. 18A:41-7.

In accordance with N.J.S.A. 18A:41-1, at least one fire drill and one school security drill will be conducted each month within school hours, including any summer months, which the school is open for instructional programs. A school security drill means an exercise, other than a fire drill, to practice procedures that respond to an emergency situation including, but not limited to, a non-fire evacuation, lockdown, bomb threat, or active shooter situation that is similar in duration to a fire drill. Schools are required to hold a minimum of two active shooter, non-fire evacuation, bomb threat, and lockdown security drills annually. Fire alarm systems shall be initiated only during a fire drill evacuation. Responses made necessary by the unplanned activation of emergency procedures or by any other emergency shall not be substituted for a required school security drill.

The Principal or designee will provide local law enforcement or other emergency responders, as appropriate, with a friendly notification at least forty-eight hours prior to holding a school security drill. Although these outside agencies are not required to observe school security drills, the Principal is encouraged to invite representatives from local law enforcement and emergency responder agencies to attend and observe at least four different security drills annually.

Such drills and in-service training programs shall be conducted in accordance with a building security drill guide and training materials that educate school employees on proper evacuation and lockdown procedures in a variety of emergency situations on school grounds as provided by the New Jersey Office of Homeland Security and Preparedness.

The school district will be required to annually submit a security drill statement of assurance to the New Jersey Department of Education by June 30 of each school year. Each school in the district will be required to complete a security drill record form as required by the New Jersey Department of Education.
